Instructions for completing the Certificate of Immunization Status (CIS): printing it from the Immunization Information System (IIS) or filling it in by hand.

To print with immunization information filled in: Ask if your healthcare provider's office enters immunizations into the WA Immunization Information System (Washington's statewide database). If they do, ask them to print the CIS from the IIS and your child's immunization information will fill in automatically. You can also print a CIS at home by signing up and logging into MyIR at https://wa.myir.net. **If your provider doesn't use the IIS, email or call the Department of Health to get a copy of your child's CIS: waiisrecords@doh.wa.gov or 1-866-397-0337.**

To fill out the form by hand:

#1 Print your child's name, birthdate, sex, and sign your name where indicated on page one.

#2 Vaccine Information: Write the date of each vaccine dose received in the date columns (as MM/DD/YY). If your child receives a combination vaccine (one shot that protects against several diseases), use the Reference Guides below to record each vaccine correctly. For example, record Pediarix under Diphtheria, Tetanus, Pertussis as **DTaP**, Hepatitis B as **Hep B**, and Polio as **IPV**.

#3 History of Varicella Disease: If your child had chickenpox (varicella) disease and not the vaccine, **a health care provider must verify chickenpox disease to meet school requirements.**

- ❑ If your healthcare provider can verify that your child had chickenpox, ask your provider to check the box in the Documentation of Disease Immunity section and sign the form.
- ❑ If school staff access the **IIS** and see verification that your child had chickenpox, they will check the box under Varicella in the vaccines section.

#4 Documentation of Disease Immunity: If your child can show positive immunity by blood test (titer) and has not had the vaccine, have your healthcare provider check the boxes for the appropriate disease in the Documentation of Disease Immunity box, and sign and date the form. **You must provide lab reports with this CIS.**

Child Care Medication Authorization Form

An early learning provider must not give medication to any child without written and signed consent from that child's parent or guardian, must administer medication pursuant to directions on the medication label, and must use appropriate cleaned and sanitized medication measuring devices. WAC 110-300-0215

Child's full name (first and last):		Child's Birthdate:
Name of Medication (as it appears on medication container):		
Dosage:	Start Date:	End Date:
To be given at the following times:		
Reason for Giving Medication to Child/Medical Need:		
Possible Side Effects of Medication:		
Additional Information:		

Prescription medication must only be given to the child named on the prescription. Prescription medication must be labeled with: child's first and last name, the date the prescription was filled, the name and contact information of the prescribing health professional, the expiration date, dosage amount, length of time to give the medication, and instructions for administration and storage.

Nonprescription (over-the-counter) medication must be brought to the early learning program by the child's parent or guardian in the original packaging with expiration date and labeled with the child's first and last name. It must only be given to the child named on the label provided by the parent or guardian. Instructions on the label must be followed, unless the parent or guardian provides a medical professional's note.

If the packaging label does not include expiration date, dosage amount, age, and length of time to give the medication, then written authorization from a health care provider with prescriptive authority is required, as well as the written and signed consent from the child's parent or guardian. This includes: vitamins, herbal supplements, fluoride supplements, homeopathic or naturopathic medication, and teething gels or tablets (amber bead necklaces are prohibited).
